

## Introduction

Our firm, Insight Wealth Strategies, LP, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

## What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Wealth Management, and ERISA Account Advice services to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least quarterly, and if necessary, rebalanced to meet your changing needs and goals. We'll offer you advice on a regular basis and contact you at least Annually to discuss your portfolio.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments.

Generally, our firm requires a minimum account balance of \$2mm to open an account for our Wealth Management services. However, we can make an exception to minimum asset requirements, at our sole discretion.

*Additional information about our advisory services is in Item 4 of our Firm Brochure, which is/are available online at <https://adviserinfo.sec.gov/firm/summary/151437>*

### Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

## What fees will I pay?

You will be charged an ongoing annual fee applied quarterly based on the value of the assets in your account. Our Wealth Management fee schedule ranges from 0.50% to 1.25% depending on the value of the assets in your account. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

The custodian that holds your assets charges you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our Wealth Management Services.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as No-load mutual funds, Individual equity securities, Fixed income portfolios, Private investments charge additional fees that will reduce the value of your investments over time.

Insight Wealth provides investment advice to advisory clients that are employee benefit plans or other retirement accounts (i.e., IRAs) for a level fee; assets affected by the Department of Labor ("DOL") Fiduciary Rule. By our business practices outlined above, we believe ourselves to be a 'Level Fee Fiduciary' under the

DOL’s Rule. As a Level-Fee Fiduciary, we maintain a non-variable compensation structure provided either based on a fixed percentage of the value of assets or a set fee that does not vary with the particular investment recommended, as opposed to a commission or other transaction-based fee. As a “Level Fee Fiduciary,” while we are held to the DOL fiduciary standards of care, we are subject to fewer disclosures and reporting requirements than advisors operating under a different business model.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/151437>.*

**Questions to Ask Us:**

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*

The advisory fee we earn is a percentage of the total amount of your assets that we manage, and we are thus incentivized to increase the amount of your assets that we manage.

*Additional information about our conflicts of interest is in Item 10 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/151437>*

**Questions to Ask Us:**

- How might your conflicts of interest affect me, and how will you address them?

**How do your financial professionals make money?**

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client’s needs.

**Do you or your financial professionals have legal or disciplinary history?**

Yes, our financial professionals have legal and disciplinary history. Visit [Investor.gov/CRS](https://investor.gov/CRS) for a free and simple search tool to research our firm and our financial professionals.

**Questions to Ask Us:**

- As a financial professional, do you have any disciplinary history? For what type of conduct?
